Dear Parent/Caregiver,

I would direct you to the Enrolment Management Plan (EMP) which can be found on the school's website under the 'Enrolments' tab. Please be aware that EMPs are reviewed regularly and criteria may change. I encourage you to visit [www.qgso.qld.gov.au/maps/edmap/](http://www.qgso.qld.gov.au/maps/edmap/) and check that the student's main place of residence is within the Ironsides State School catchment area.

It is a requirement that all families submit a Statutory Declaration under the Oaths Act 1867 which is included in the Enrolment Pack. This must be signed by parents/caregivers and witnessed and stamped by a Justice of the Peace.

We look forward to speaking with you in the future.

Yours sincerely,

## Application to enrol in a Queensland state school

This sheet contains information on how to complete the Application for student enrolment form (SEF-1 Version 8).

### Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol a prospective student if they are entitled to enrolment. While not exhaustive, the following matters may affect a prospective student's entitlement to enrol in a state school:

- if the school has a School Enrolment Management Plan or an Enrolment Eligibility Plan (enrolment is subject to eligibility under the plan)
- the applicant is a prospective mature age student (the applicant can only apply for enrolment at a mature age state school and will be subject to a satisfactory criminal history check, or as a student in a program of distance education. All prospective mature age students must have a remaining allocation of state education.)
- the prospective student is not of correct age for enrolment (relates to Preparatory Year and Years 1 to 6)
- the prospective student has been excluded, or is subject to suspension from a state school at the time of the application
- the school principal reasonably believes that the prospective student presents an unacceptable risk to the safety or wellbeing of members of the school community (application is referred to the Director-General)
- the school is a state special school and the prospective student does not meet the criteria for enrolment in a special school
- the proposed enrolment requires approval as part of a flexible arrangement under s.183 of the *Education (General Provisions) Act 2006 (Qld)*, and the arrangement has not yet been approved
- the prospective student is not an Australian resident or citizen or the child of an Australian permanent resident or citizen (visa restrictions may apply, fees may be charged, in some cases legislation requires that the prospective student must obtain approval from the Chief Executive via Education Queensland International (EQI) to enrol)
- the school does not offer the year level that the prospective student should be enrolled in
- the prospective student has no remaining semester allocation of state education. Enrolment cannot proceed until additional semesters are applied for by the prospective student (or parent on their behalf) and granted.

### Prospective student

A prospective student is a person who has applied to enrol at a state school but who has not yet been accepted for enrolment.

### Parent's occupation and education

All parents across Australia, no matter which school their child attends, are asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

### Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

### Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

### Gender

Information about gender is supplied to the Federal Government to comply with State funding agreements. The gender category with which a person identifies may not match the sex they were assigned at birth. There is no requirement for a student's gender recorded on this form to align with the sex shown on their birth certificate or passport.

### Religious Instruction

Religious instruction is a program approved and provided by a religious denomination or religious society. Other instruction relates to part of a subject area that has been covered within the curriculum and may include, but is not limited to, personal research and/or assignments, revision of class work, and wider reading. Information about religious instruction available at the school, and about other instruction, is provided by the school at the time of enrolment and on the school's website.

## OPTIONAL RELIGIOUS INSTRUCTION AT IRONSIDE STATE SCHOOL

Dear Parents/Caregivers,

As part of a holistic education, the opportunity to conduct weekly classes in Religious Instruction (RI) is provided in the curriculum by Education Queensland for Grades 1-6. This is a completely optional program and parents may also choose for their child not to attend. At Ironside weekly classes of 25 minutes are held on Fridays catering to the denominations listed below. Students are expected to attend classes each Friday unless notified in writing by parents to change religion or to not attend. If you nominated a religion on your child's enrolment form, they will be enrolled in the RI class of that religion, if available. All students enrolled in RI Instruction will automatically continue to be in the same RI option the following year. **Please note: Buddhism is only offered in Year 3 to 6.** All parents are able to opt their child into or out of RI at any time by writing to the school administration ([enrolments@ironsidess.eq.edu.au](mailto:enrolments@ironsidess.eq.edu.au))

A brief description of each affiliation is provided below for your information. Please nominate your preference for this optional class by ticking your selection in the table below. You do not need to belong to a faith group to enrol your child in RI.

# Studying Languages @ Ironside

Languages is one of the eight learning areas of the Australian Curriculum. At Ironside, students will receive either Japanese or Spanish lessons from Year 3. Formal Languages lessons begin in Year 3 with students aligned to a particular language based on the year in which the enrol (please see table below). Students will learn this language until they depart Ironside. As this is a new process, students in year 5 and 6 will be able to select their preferred language to study – Japanese or Spanish.

Year of Enrolment into Year 3	2023	2024	2025	2026	2027	2028
Language	Spanish	Japanese	Spanish	Japanese	Spanish	Japanese

## New Enrolments – Year 6

New students enrolling in Year 6 will have the opportunity to select the language (Japanese or Spanish) that they would like to study.

## Things to consider when selecting which language to study

- What languages are offered at your child's future high school? *Proficiency in a language requires many hours and years of continuous learning. Choosing a language that your child can continue learning in high school is beneficial.*
- Has your child studied Spanish or Japanese at a previous school? *It is beneficial to continue and build on what has already been learned.*
- Does your child have a particular interest in either Japanese or Spanish culture?
- Does your child already fluently speak Japanese or Spanish?

## Students changing from one language to another

When a student chooses a language to study in Year 6, they will continue with this language until the end of Year 6. At Ironside, we value continuity and rigor when teaching the Australian Curriculum. This means, a change from one language to another will only be considered under extenuating circumstances.

The final decision around whether a student changes the language they study will be made by the Deputy Principal for Languages and/or the Principal. Any such decision will be made after collaboration and consultation with all parties.

Any request to change language must be sent by the parent/caregiver to the Deputy Principal that manages Languages' at Ironside.

## Reporting

Students in years 3 and 4 receive a report for Effort and an N (not assessed) for Achievement. Students in years 5 and 6 receive a A-E rating for Achievement and an Effort report.

## **Introduction to the State School Consent Form (attached) for Ironsides State School**

This letter is to inform you about how we will use your child's personal information and student materials. It outlines:

- what information we record
- how we will use student materials created during your child's enrolment.

Examples of personal information which may be used and disclosed (subject to consent) include part of a person's name, image/photograph, voice/video recording or year level.

Your child's student materials:

- are created by your child whether as an individual or part of a team
- may identify each person who contributed to the creation
- may represent Indigenous knowledge or culture.

## **Purpose of the consent**

It is the school's usual practice to take photographs or record images of students and occasionally to publish limited personal information and student materials for the purpose of celebrating student achievement and promoting the school and more broadly celebrating Queensland education.

To achieve this, the school may use newsletters, its website, traditional media, social media or other new media as listed in the 'Media Sources' section below.

The State School Consent Form may, at your discretion, provide consent for personal information and a licence for the student materials to be published online or in other public forums. It also allows your child's personal information and student materials to be presented in part or alongside other students' achievements.

The school needs to receive consent in writing before it uses or discloses your child's personal information or student materials in a public forum. The attached form is a record of the consent provided.

It should be noted that in some instances the school may be required by the *Education (General Provisions) Act 2006 (Qld)* or by law to record, use or disclose the student's personal information or materials without consent (e.g. assessment of student materials does not require further consent).

## **Voluntary**

There will not be any negative repercussions for not completing the State School Consent Form or for giving limited consent. All students will continue to receive their education regardless of whether consent is given or not.

## **Consent may be limited or withdrawn**

Consent may be limited or withdrawn at any time by you.

If you wish to limit or withdraw consent please notify the school in writing (by email or letter). The school will confirm the receipt of your request via email if you provide an email address.

If in doubt, the school may treat a notice to limit consent as a comprehensive withdrawal of consent until the limit is clarified to the school's satisfaction.

Due to the nature of the internet and social media (which distributes and copies information), it may not be possible for all copies of information (including images of student materials) once published by consent, to be deleted or restricted from use.

The school may take down content that is under its direct control, however, published information and materials cannot be deleted and the school is under no obligation to communicate changes to consent with other entities/ third parties.

## **Media sources used**

Following is a list of online and social media websites and traditional media sources where the school may publish your child's personal information or student materials subject to your consent.

- School website: <https://ironsidess.eq.edu.au/Pages/default.aspx>
- Facebook: Ironside State School
- YouTube:
- Instagram:
- Twitter:
- Other:
- Local newspaper

- Traditional and online media, printed materials, digital platforms' promotional materials, presentations and displays.

The State School Consent Form does not extend to P&C run social media accounts or activities, or external organisations.

## **Duration**

The consent applies for the period of enrolment or another period as stated in the State School Consent Form, or until you decide to limit or withdraw your consent.

During the school year there may be circumstances where the school or Department of Education may seek additional consent.

## **Who to contact**

To return a consent, express a limited consent or withdraw consent please contact Ironside State School Administration on 3258 3111 or email: [admin@ironsidess.eq.edu.au](mailto:admin@ironsidess.eq.edu.au).

# Ironsides State School ICT Responsible Use Policy

## Purpose statement

Information and communication technology (ICT), including access to and use of the internet and email, are essential tools for schools in the provision of innovative educational programs.

Schools are constantly exploring new and innovative ways to incorporate safe and secure ICT use into the educational program.

School students, only with the approval of the principal, may be permitted limited connection of personally-owned mobile devices (e.g. laptops) to the department's network, where this benefits the student's educational program.

## Authorisation and controls

The principal reserves the right to restrict student access to the school's ICT facilities and devices if access and usage requirements are not met or are breached. However restricted access will not disrupt the provision of the student's educational program. For example, a student with restricted school network access may be allocated a stand-alone computer to continue their educational program activities.

The Department of Education and Training monitors access to and use of its network. For example, email and internet monitoring will occur to identify inappropriate use, protect system security and maintain system performance in determining compliance with state and departmental policy.

The department may conduct security audits and scans, and restrict or deny access to the department's network by any personal mobile device if there is any suspicion that the integrity of the network might be at risk.

## Responsibilities for using the school's ICT facilities and devices

- Students are expected to demonstrate safe, lawful and ethical behaviour when using the school's ICT network as outlined in the ***Ironsides State School's Responsible Behaviour Plan for Students***.
- Students are to be aware of occupational health and safety issues when using computers and other learning devices.
- Parents/guardians are also responsible for ensuring students understand the school's ICT access and usage requirements, including the acceptable and unacceptable behaviour requirements.
- Parents/guardians are responsible for appropriate internet use by students outside the school environment when using a school owned or provided mobile device.
- The school will educate students regarding cyber bullying, safe internet and email practices, and health and safety regarding the physical use of ICT devices. Students have a responsibility to behave in line with these safe practices.
- Use of the school's ICT network is secured with a user name and password. The password must be difficult enough so as not to be guessed by other users and is to be kept private by the student and not divulged to other individuals (e.g. a student should not share their username and password with fellow students).
- Students cannot use another student or staff member's username or password to access the school network. This includes not browsing or accessing another person's files, home drive, email or accessing unauthorised network drives or systems. Additionally, students should not divulge personal information (e.g. name, parent's name, address, phone numbers), via the internet or email, to unknown entities or for reasons other than to fulfil the educational program requirements of the school.
- Students need to understand that copying of software, information, graphics or other data files may violate copyright laws without warning and be subject to prosecution from agencies to enforce such copyrights.

## Acceptable use by a student

It is acceptable for students while at school to:

- use mobile devices for
  - assigned class work and assignments set by teachers

  - authoring text, artwork, audio and visual material for publication on the intranet or internet for educational purposes as supervised and approved by the school

  - communicating or collaborating with other students, teachers, parents or experts in relation to school work
  - accessing online references such as dictionaries, encyclopaedias, etc.
  - researching and learning through the department's eLearning environment
- be courteous, considerate and respectful of others when using a mobile device
- switch off and place out of sight the mobile device during classes, where these devices are not being used in a teacher directed activity to enhance learning
- use personal mobile device for private use before or after school, or during recess and lunch breaks
- seek teacher's approval where they wish to use a mobile device under special circumstances.

## Unacceptable use by a student

It is unacceptable for students while at school to:

- use the mobile device in an unlawful manner
- download, distribute or publish offensive messages or pictures
- use of obscene, inflammatory, racist, discriminatory or derogatory language
- use language and/or threats of violence that may amount to bullying and/or harassment, or even stalking

- ignore teacher directions for the use of social media, online email and internet chat
- send chain letters or spam email (junk mail)
- knowingly download viruses or any other programs capable of breaching the department's network security
- use in-phone cameras anywhere a normal camera would be considered inappropriate, such as in change rooms or toilets
- invade someone's privacy by recording personal conversations or daily activities and/or the further distribution (e.g. forwarding, texting, uploading, Bluetooth use etc.) of such material
- use the mobile phone (including those with Bluetooth functionality) to cheat during exams or assessments

## Parent/ guardian agreement:

I understand that the school provides my child with access to the school's information and communication technology (ICT) facilities and devices (including the internet) for valuable learning experiences. In regards to internet access, I understand that this will give my child access to information on computers from around the world; that the school cannot control what is on those computers; and that a small part of that information can be illegal, dangerous or offensive.

I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information should depend upon responsible use by students/my child. Additionally, I will ensure that my child understands and adheres to the school's appropriate behaviour requirements and will not engage in inappropriate use of the school's ICT facilities and devices. Furthermore I will advise the school if any inappropriate material is received by my student/child that may have come from the school or from other students.

I understand that the school does not accept liability for any loss or damage suffered to personal mobile devices as a result of using the department's facilities and devices. Further, no liability will be accepted by the school in the event of loss, theft or damage to any device unless it can be established that the loss, theft or damage resulted from the school's/department's negligence.

I believe my child understands this responsibility, and I hereby give my permission for him/her to access and use the school's ICT facilities and devices (including the internet) under the school rules. I understand where inappropriate online behaviours negatively affect the good order and management of the school, the school may commence disciplinary actions in line with this user agreement or the **ISS Responsible Behaviour Plan for Students**. This may include loss of access and usage of the school's ICT facilities and devices for some time.

I have read and understood this policy and the **ISS Responsible Behaviour Plan for Students**.
